

PB-GE-HS1 Prototyping Board, Half size, Style 1

Overview

This is the half size version of our popular prototyping board. It still has all the same features and benefits but in a compact size. This board can be stacked with other half size boards or with one of the full size boards (mezzanining).

Specifications

Size:	2.7" x 3.7" (68.58 x 93.98mm)
Mounting Holes:	4 x 0.125" (3.175mm)
Component Holes:	900 x 35mil (0.9mm)
Component Hole Pitch:	0.1" (2.54mm)
Board Material:	FR4
Pad Treatment:	Immersion Tin
Copper Thickness:	1 oz per sqr foot
Track Width:	60 mil
